

About us

Why choosing LUTZ & GRUB AG? Let us convince you by the following arguments:

- LUTZ & GRUB AG contains of more than 20 years of vocational training experiences.
- Our trainings are live-trainings only with instructor's attendance.
- Our team consists of highly qualified instructors with thorough hands-on experiences with customers in commerce.
- Through our Azure cloud the students can define and configure their virtual computers following the needs. Even complex structures are possible.
- We have a strong focus on the industry with respect to information technology and project management.
- Our trainings are always being terminated with a certificate acknowledged in the industry.
- The contents of our trainings are on a very up-to-date level due to our direct contacts with the industry.
- Our occupational rehabilitation rate reaches about nearly 100 %.
